

Bishwo Purkuti

Computer Science Student

324 Sunnyvale Dr. Healdsburg, CA, 95448

(707) 477-0286

bishworajpurkuti@gmail.com

SUMMARY

- Focused Computer Science Graduate from the University of California-Merced. Aiming to leverage proven communication, problem-solving, and teamwork skills to fulfill my role. Frequently praised as hard-working by my peers, I can be relied upon to help your company achieve its goals.

COMPUTER SKILLS

Language

- Adept in Java, C, C++, Python
- Familiar with CSS, HTML, nesC, C#, JavaScript

Software

- Unity, Blender, Game Maker Studio, Visual Studio, IntelliJ, Android Studio
- Platforms include Windows 10, Linux, Virtual Machine

EDUCATION

University of California-Merced [GPA:3.0]

Computer Science and Engineering

5200 N Lake Rd, Merced, CA 95343

Graduation Date: Jul 2020

EXPERIENCE

Relevant Coursework

- Computer Networks, Artificial Intelligence, Computer Graphics, Operating Systems, Object-Oriented Programming, Algorithms, Data Structure

Extracurricular Activities

- UCM Game Dev Club, Association for Computing Machinery, UCM Rotaract Club, UCM League of Legends Club

Projects

- Mobile App Challenge – Worked with a team to develop a mobile app using android studio that analyzes the given data on a farm to learn and relay what farming practices produce the most optimal yield
- Hack Merced 2018[Hackathon] – Developed a space invader game using python framework with a group of four. Worked on level design and game logic
- Hack Merced 2020[Hackathon] – Worked on the frontend and backend databases on a social good website using the Django python library.
- Computer Graphics – Created an aquarium simulation using the OpenGL framework with a duo. Work involved level design, trivial object animations, Bezier curves and shadows

ADDITIONAL SKILLS

- Languages: English, and Nepalese [Proficient at both reading and writing]
- Quick Learner, Team Player, Problem Solver
